

## 2-Person Team Hotshot

- Teams consist of 1 Male and 1 Female competitor
- Players have 60 seconds to make as many baskets as they can from any of the 5 spots on the floor.
- Only one ball is used in this competition.
- Players cannot shoot the ball twice in a row. They must alternate shots with their teammate. In addition, an individual player may not shoot twice in a row from the same spot. If so, the shot does not count.
- Players must pass or dribble the ball as they move around the court
- Players must begin a shot with at least one foot touching the spot. They may jump off the dot after shooting the ball, but jumping onto the numbered dot while shooting the ball is not a legal shot and points will not be scored if the shot is made.
- Traveling, double dribble or palming the ball are violations and result in a one point deduction from the final score.
- Referees will determine if a made shot is legal and will judge moving violations.
